**CDM ELECTRONICS SIGNS DISTRIBUTION AGREEMENT
WITH DELTA ELECTRONICS MANUFACTURING**

August 9, 2007, Irvine, Ca...CDM Electronics, Inc., a leading distributor of commercial and military (MIL-SPEC) interconnect products, and provider of value-added contract manufacturing services, today announced the signing of a worldwide distribution agreement with Delta Electronics Manufacturing Corporation (Delta), a premier manufacturer of RF, microwave, and millimeter-wave connectors. Under the terms of the agreement, CDM will distribute Delta's extensive range of standard, RoHS-compliant connectors and adapters, as well as provide engineering and design support services for those customers requiring such assistance for their OEM and cable assembly requirements.

Included in Delta's offering are over 200 types of connectors and adapters qualified to MIL-PRF-39012 and MIL-PRF-55339. These products service a wide array of applications in the military, avionics, communications, wireless and test & measurement sectors.

"The worldwide market for RF applications continues to flourish. Moreover, customers continue to demand better performance from their RF connectors, without significant cost increases," stated Carmen J. DeLeo, General Manager of CDM. "Over the years, Delta's innovation has demonstrated their commitment to providing leading edge RF connector products. We are delighted to have such a strong offering on our linecard, and are particularly excited about the new extended frequency SMA Connectors."

Terry Hannan, Director of Sales and Marketing, stated, "CDM's business model is the perfect fit for our product offering and business philosophy. We are pleased to have such an excellent stocking distributor to service our broad customer base. We look forward to a mutually successful relationship."

About CDM

CDM Electronics, Inc. is an authorized, stocking distributor of full lines of high-quality circular, printed circuit, rack and panel, RF, and audio communications connectors. Serving world leaders in the military, aerospace, industrial, medical and telecommunications industries, the Company additionally employs state-of-the industry documented and controlled systems in its value-added contract manufacturer division which specializes in mission-critical cable assemblies. CDM is

certified to ISO 9001:2000, IPC-620 J-001, and UL Listed. For information on CDM and its services, visit www.CdmElectronics.com.

About Delta

Headquartered in Beverly, Ma. and founded in 1955, Delta Electronics Manufacturing incorporates Lean Manufacturing technology to produce the industry's broadest lines of quality RF, microwave and millimeter-wave connectors. The company is a highly regarded vertically integrated manufacturer in the United States, with a facility in Nanjing, China for cost competitive connector, cable assembly and component production.
