

CDM Electronics Offers The Full Line of
Amphenol PCD Backshell
Cable Termination
Accessories

CDM Electronics now offers nearly 6,000 different mil-spec M85049 backshell termination accessories from worldwide leader Amphenol PCD to meet virtually every application need. CDM Electronics has a full selection of Band Lock Adapters, unique tool-free Crimp Adapters, Quick Clamps, Shrink Boot Adapters, and all of your favorite Strain Reliefs. These vital accessories are for use with all configurations of Environmental and Non-environmental Backshells, and EMI/RFI-shielding versions of both. The Amphenol PCD family of backshell cable termination accessories meets robust M85049 mil-spec demands in a variety of straight and angled configurations in all plating finishes. With over 25,000 backshells and accessories in stock for same-day shipment, CDM has the part you're looking for!
