CDM Electronics Now Stocks Your Favorite Conec® Connectors and Accessories

TURNERSVILLE, N.J. - CDM Electronics, a premier authorized distributor for manufacturers of electronic connectors and cables, now stocks the full line of connectors and accessories from worldwide leader Conec to meet virtually every application need.

CDM has grown their full line of standard and specialty D-SUB connectors from Conec to include filtered, combination, and IP67-rated versions. CDM also has a full complement of Conec contacts, shells, and hoods, along with Industrial Ethernet (IE) interconnect solutions and accessories for every application.

"We're truly pleased to be a full-line stocking distributor for Conec's world-class product line," said CDM Electronics President Carmen J. DeLeo. "Conec's state-of-the-art engineering, design and production techniques assure quality and precision. This optimizes the reliability and longevity of products CDM offers to our

valued customers."

Conec's broad family of connectors are utilized in control, regulation and communications technologies. IP67-rated connectors and accessories meet the special demands of harsh-environment use, while filtered products provide a quick and effective solution for EMC interference problems. Standard and IP67-rated IE connectors and systems are specially adapted to harsher environmental conditions found in an industrial setting.
