**CDM to Exhibit Interconnect and Cable Assembly Products at ASLRRA 2015**

***Extensive Inventory and Value Added Contract Services  
Optimize Railroad/Locomotive OEMs' Time-to-Market***

Turnersville, NJ, March 2, 2015...[CDM Electronics](http://www.cdmelectronics.com/), a premier authorized distributor of electronic connectors and cables, will display an array of rail-specific connectivity products at ASLRRA's (American Short Line and Regional Railroad Association) 2015 Annual Meeting and Exhibition Conference in Orlando, FL, March 28 - 31, 2015. CDM will exhibit at booth # 829.

At the Conference, CDM will showcase parts from their comprehensive offering of connectors and interconnects designed and engineered to meet the requirements of the railroad/locomotive market. Included are network cable assemblies, communication components, power supply cable assemblies, antennas and connectors. CDM is an authorized stocking distributor of components and bulk cable from such prestigious manufacturers as Amphenol PDC, Conec, Eaton/Cooper Interconnect, Times Microwave, Binder and E/M Wave. CDM also manufactures interconnect products for use in various heavy industrial and harsh environment applications.

CDM further provides an extensive array of value added contract services to facilitate customers' specific requirements. The company's Cable Assembly division offers a host of standard and custom interconnect solutions comprised of [custom box builds](#), [heavy duty power assemblies](#), [intermediate power assemblies](#), [mini D ribbon assemblies](#), [RF coaxial assemblies](#), [ribbon cable assemblies](#) and [wire harness assemblies](#). In addition to the rail sector, CDM's Cable Assembly division manufactures interconnect products and cable assemblies for the military, aerospace, commercial, telecom, medical, industrial and alternative energy markets.

CDM's ISO9001, AS9100, ITAR, and UL Safety Certified manufacturing facility is located in New Jersey.

## **About CDM**

For over 20 years, [CDM Electronics](#) has delivered interconnect product and cable assembly solutions to the world's leading aerospace, military, telecom, automotive, industrial, commercial, and alternative energy providers. Renowned for its unsurpassed levels of customer service and support, the company supplies Original Equipment Manufacturers (OEMs) with full lines of standard and specialty connectors including circular, Mil-Spec, DIN, power, PROFIBUS, rectangular, and RF devices. CDM employs documented and controlled systems in its value-added division, which specializes in mission critical cable assembly, including custom cable assembly, military cable assembly, power cable assembly, and box builds. The company's AS9100 Certified headquarters is in Turnersville, NJ. Regional offices are located in Irvine, CA, Madison, AL and Plano, TX.
