**CDM Electronics Promotes Lori Maeder to**  
**Vice President of Operations**

Turnersville, NJ, April 26, 2016... CDM Electronics has announced the promotion of Lori Maeder to Vice President of Operations, where she will oversee all operational areas within the company. Lori started at CDM in 1997 as a receptionist, and being a small but rapidly growing company Lori was given the opportunity to work in virtually every position within the organization. As a front office employee, Lori worked in accounting, sales, purchasing, and product management, building stellar relationships with key suppliers and customers alike. In production, Lori pulled parts for distribution, assembled value-added products, and worked in all areas of shipping and receiving. Lori's most recent promotion was to that of Operations Manager overseeing all aspects of quality, distribution, manufacturing and order fulfillment at CDM's 25,000 square foot Turnersville NJ facility. Lori's hands-on management style was instrumental in CDM's achievement of ISO-9001 and AS-9100C certifications, and she implemented the company's multiple expansions with the most recent being the acquisition of a 14,000 square foot production facility in Williamstown, NJ. Lori's first-hand experience in all functional areas gives her an unparalleled understanding of the company's operations. Lori resides in Cherry Hill, NJ with her husband, son and daughter.

**About CDM**

For over 20 years, [CDM Electronics](http://www.cdmelectronics.com/) has delivered interconnect product and cable assembly solutions to the world's leading aerospace, military, telecom, automotive, industrial, commercial, and alternative energy providers. Renowned for its unsurpassed levels of customer service and support, the company supplies Original Equipment Manufacturers (OEMs) with full lines of standard and specialty connectors including circular, Mil-Spec, DIN, power, PROFIBUS, rectangular, and RF devices. CDM employs documented and controlled systems in its value-added division, which specializes in mission critical cable assembly, including custom cable assembly, military cable assembly, power cable assembly, and box builds. The company's AS9100 Certified headquarters is in Turnersville, NJ. Regional offices are located in Irvine, CA, Madison, AL and Plano, TX and Williamstown, NJ.
