## SST Butterfly Hangers

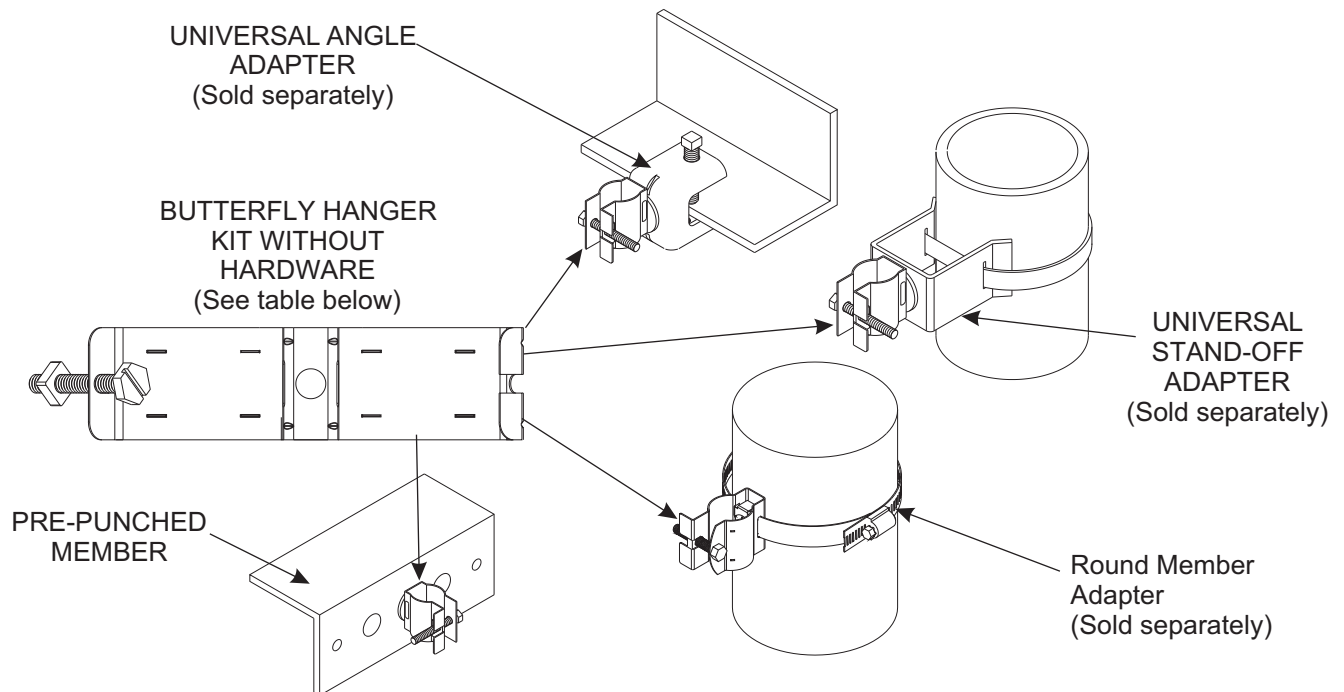

for Coaxial Cable & Elliptical Waveguide Applications

1559 PR A

### PRODUCT DESCRIPTION

The proven design of the Butterfly Hanger provides a versatile means for securing individual transmission lines within your wireless system. Corrosion resistant stainless steel construction ensures long term integrity in extreme weather applications. A stainless steel clip insert provides additional support and prevents damage from occurring by isolating smaller diameter lines from the hanger mounting hardware. Integrated cable grippers bite into the jacketing to provide additional support in heavy wind and ice loading conditions. Captivated 1/4" stainless steel hardware allows the user to quickly tighten this hanger without fumbling or dropping hardware during the installation process. Butterfly Hanger Kits come with (10) 3/8" x 3/4" long stainless steel slotted hex head bolts, stainless steel star washers and stainless steel nuts. "NH" versions do not include this hardware.

### TYPICAL APPLICATIONS

### SPECIFICATIONS

SST BUTTERFLY HANGERS WITHOUT HARDWARE		
Part #	Coaxial Cable	Kit Qty.
BH-38-NH	Butterfly Hanger Kit for LMR-400 Coaxial Cable	Kit of 10
BH-12-NH	Butterfly Hanger Kit for LMR-600 Coaxial Cable	Kit of 10
BH-58-NH	Butterfly Hanger Kit for LMR-900 Coaxial Cable	Kit of 10
BH-78-NH	Butterfly Hanger Kit for LMR-1200 Coaxial Cable	Kit of 10
BH-114-NH	Butterfly Hanger Kit for LMR-1700 Coaxial Cable	Kit of 10
