### Stainless Steel Clip Hanger Kits for Coaxial Cable Applications

1561 PR A (Pg. 1 of 2)

#### PRODUCT DESCRIPTION

Stainless Steel Clip Hangers combine mounting versatility with exceptional ease of installation. The unique dual-clip feature will allow the hanger to support a variety of brands of coaxial cable. Once the hanger is mounted to the support structure, the dual-clip locking mechanism is easily latched to hold the coax firmly in place. These versatile hangers offer a wide variety of mounting options including bolting to 3/8" threaded members using the supplied slotted hex head bolts, or to pre-punched structures with the supplied 3/8" stainless steel nuts. The slotted mounting end also accommodates round member adapters or banding straps for direct clamping to round tower members.

#### TYPICAL APPLICATIONS

World Headquarters: 358 Hall Avenue, Wallingford, CT 06492 • 203-949-8400, 1-800-867-2629 FAX: 203-949-8423  
International Sales: 4 School Brae, Dysart, Kirkcaldy, Fife, Scotland KY1 2XB UK • +44(0)1592655428 FAX: +44(0)1592653162  
China Sales: Unit A, Floor 14, East Ocean Center, No. 618 Yan'an Road East, Shanghai, China 200001  
TEL: 86-21-53854500/53854501 FAX: 86-21-53854506
