CDM Electronics Announces Sponsorship of "Learn To Play" Ice Hockey Program

Turnersville, NJ, September 26, 2022... CDM Electronics has announced an agreement with Hollydell Ice Arena in Sewell, NJ, to partner in sponsoring their Learn To Play program, making it no-charge to participants.

CDM Electronics' and Hollydell Ice Arena's sponsorship of Learn To Play is a direct result of their ongoing community outreach to open up the sport to as many new players as possible. The Learn To Play sponsorship, which includes a \$200 equipment voucher for each participant, assures that financial constraints are not preventing young people in Southern New Jersey from getting started in the sport.

CDM Electronics is a long-time advocate for access to ice hockey as part of its social commitment to the region. CDM had previously partnered with Hollydell Ice Arena on programs that focus on a community-based approach to building participation in youth ice hockey.

About CDM

For almost 30 years, CDM Electronics has delivered interconnect product and engineered cable assembly solutions to the world's leading aerospace, military, telecom, automotive, industrial, commercial, and alternative energy providers. Renowned for its unsurpassed levels of customer service and support, the company supplies Original Equipment Manufacturers (OEMs) with full lines of standard and specialty connectors including circular, Mil-Spec, DIN, power, PROFIBUS, rectangular, and RF devices. CDM employs documented and controlled systems in its value-added division, which specializes in mission critical cable assembly, including RF cable assembly, military cable assembly, power cable assembly, and box builds. The company's ISO and AS9100 Certified headquarters is in Turnersville, NJ. CDM maintains a regional office in Richardson, TX.
