### **CDM Electronics Now A Distributorship For Winchester Interconnect Micro LLC Connectors by Winchester**

Turnersville, NJ, June 21, 2023... CDM Electronics, an authorized distributor of Winchester Interconnect™ products, now distributes the Winchester Interconnect Micro LLC Connector line of interconnects.

Winchester Interconnect Micro LLC Connector, a Winchester Interconnect™ company, is one of the world's leading suppliers of micro and nano format D-subminiature connectors for military, public safety and commercial communications applications. CDM provides the full range of micro-D connectors available in standard and low profile, nano-D connectors and standard, micro and nano format circular connectors. All varieties are also available pre-wired.

"The addition of Winchester Interconnect Micro LLC's unique lines will round-out CDM's industry-leading tactical communications and commercial product mix", said CDM's Vice President of Sales and Marketing Bill Almon, "with their nano-sized interconnects a welcomed new offering for our customers."

Winchester Interconnect Micro LLC products are built to mil-spec standards, including MIL-DTL-83513 for micro-D connectors and MIL-DTL-32139 for nano-D connectors. Winchester Interconnect Micro LLC's extensive range includes drop-in replacements for TE, Amphenol, ITT Cannon, Harwin and Molex amongst others. With the inclusion of the Winchester Interconnect Micro LLC Connectors line, CDM will have over 7,500 different D-subminiature interconnects available to support virtually every military, aero and commercial application.

**About CDM**

For almost 30 years, CDM Electronics has delivered interconnect product and engineered cable assembly solutions to the world's leading aerospace, military, telecom, automotive, industrial, commercial, and alternative energy providers. Renowned for its unsurpassed levels of customer service and support, the company supplies Original Equipment Manufacturers (OEMs) with full lines of standard and specialty connectors including circular, Mil-Spec, DIN, power, PROFIBUS, rectangular, and RF devices. CDM employs documented and controlled systems in its value-added division, which specializes in mission critical cable assembly, including RF cable assembly, military cable assembly, power cable assembly, and box builds. The company's ISO and AS9100 Certified headquarters is in Turnersville, NJ. CDM maintains a regional office in Richardson, TX.
