CDM Sponsors Rosemont College Ravens Men's Soccer Team

Turnersville, NJ, August 21, 2023... CDM Electronics, a full-line authorized distributor of quality interconnects and manufacturer of engineered cable assemblies, will be a partner sponsor of the Rosemont College Ravens Men's Soccer team for the 2023 season. CDM's sponsorship will help provide the team members with warmup gear and equipment bags for both home and away matches.

"This is a great opportunity to not only support a local team who is generating a lot of excitement, but to grow CDM's outreach into collegiate sports as well" said Robert Grzib, CDM's Marketing Manager. "While the Ravens have team members from around the world, many players are from the Southern New Jersey area which is home to CDM's headquarters, distribution and manufacturing facilities." Grzib continued that as soccer's popularity continues to grow, CDM has a social responsibility to assist at the grassroots level.

The Ravens' season runs from August 22nd through November 4th, 2023 and includes matches against NCAA Division III rivals Widener, Swarthmore and Franklin & Marshall. During the 2022 season, the Ravens outscored their opponents on average nearly 3-to-1 and maintained an overwhelming shots per game rate. The Ravens also had much fewer penalties assessed than their opponents.

Rosemont College is a small, non-profit institution located in Montgomery County, PA offering both undergraduate and graduate programs. For over 100 years, Rosemont College has been a community of learners dedicated to excellence and joy in the pursuit of knowledge.

About CDM

For almost 30 years, CDM Electronics has delivered interconnect product and engineered cable assembly solutions to the world's leading aerospace, military, telecom, automotive, industrial, commercial, and alternative energy providers. Renowned for its unsurpassed levels of customer service and support, the company supplies Original Equipment Manufacturers (OEMs) with full lines of standard and specialty connectors including circular, Mil-Spec,

DIN, power, PROFIBUS, rectangular, and RF devices. CDM employs documented and controlled systems in its value-added division, which specializes in mission critical cable assembly, including RF cable assembly, military cable assembly, power cable assembly, and box builds. The company's ISO and AS9100 Certified headquarters is in Turnersville, NJ. CDM maintains a regional office in Richardson, TX.
