**CDM Electronics Is Now An Authorized Stocking Distributorship For Positronic®**

Turnersville, NJ, October 23, 2023... CDM Electronics has announced an agreement with Positronic® to stock and distribute their line of high-reliability Rack & Panel connectors, contacts and accessories at their Turnersville, NJ location.

Positronic, a subsidiary of Amphenol Corporation, is one of the world's leading manufacturers of interconnect products for defense, industrial and commercial applications. CDM now provides the full range of Positronic GAP and GAPL series PCB-terminated rectangular connectors, along with the MIL-DTL-28748-qualified GM and GMCT series connectors. CDM also stocks the appropriate series' of contacts and hardware for those Rack & Panel connector groups.

"The addition of Positronic's trusted lines will round-out CDM's industry-leading Rack & Panel product mix", said Danielle Richardson, Product Manager at CDM. "We're looking forward to providing CDM's premier service to our new Positronic customers."

Positronic Rack & Panel rectangular connectors are available in configurations from 7 through 104 contacts, with current ratings up to 13 Amps. All series are qualified to UL #49351, with GM and GMCT series also qualified to MIL-DTL-28748 and SAE AS29029. All connectors are rated at up to 1000 mating cycles.

With the inclusion of the Positronic line, CDM will have over 6,000 different rectangular Rack & Panel interconnects available to support virtually every military, industrial and commercial application. Anticipated combined inventory will have over 1 million Rack & Panel connectors and accessories in stock at CDM's 130 American Boulevard location.

**About CDM**

For 30 years, CDM Electronics has delivered interconnect product and engineered cable assembly solutions to the world's leading aerospace, military, telecom, automotive, industrial, commercial, and alternative energy providers. Renowned for its unsurpassed levels of customer service and support, the company supplies Original Equipment Manufacturers (OEMs) with full lines of standard and specialty connectors including circular, Mil-Spec,

DIN, power, PROFIBUS, rectangular, and RF devices. CDM employs documented and controlled systems in its value-added division, which specializes in mission critical cable assembly, including RF cable assembly, military cable assembly, power cable assembly, and box builds. The company's ISO and AS9100 Certified headquarters is in Turnersville, NJ. CDM maintains a regional office in Richardson, TX.
